FAMILY VISITATION SERVICES | PROFESSIONAL INTRODUCTION

November 2026

Dear Family-Law Attorney or Court Professional,

I am pleased to introduce **Space City Connects – Family Visitation Services**, an independent supervised visitation business preparing to open in the Clear Lake area of Houston in spring or summer 2027.

Our planned services include supervised parent-child visitation in a dedicated office setting, supervised child exchanges when appropriate, and objective documentation under established service policies. We intend to serve families in the Clear Lake, Friendswood, League City, Nassau Bay, and surrounding Harris and Galveston County communities.

My background includes a master's degree in Curriculum & Instruction with an Early Childhood Education focus, more than a decade of experience working with children, completion of the Supervised Visitation Network (SVN) 24-Hour Certificate Training and SVN Program Management Certificate Training, and First Aid, CPR, and AED training. I communicate in English and Spanish.

I welcome the opportunity to introduce our anticipated services and referral process to your firm. Once operational, each prospective case will be subject to intake, safety screening, review of relevant court orders, and acceptance based on suitability and capacity.

Please feel free to contact me for a brief professional introduction. I have enclosed a one-page referral overview and a preliminary fee schedule for your reference.

Sincerely,

Emmanuel Balderas, M.S.
